**Jack and Jill Cruise Event**

For all of you registered for the Jack and Jill Cultural Tour, we have a very exciting program planned for July 28 with an extraordinary speaker who will provide programming on al Andalus and how the Northern African tribes took over two thirds of Spain and ruled it for 800 years beginning the 8th century through the 15 century and turned the area into the most advanced, educated, extraordinary and beautiful cities in the world at that time. Even with today's technologies, some of their accomplishments seem impossible.

We want to make you aware of the many options that are included in this event.
